

Cloud Service Architect & Development Lead (m/f/d)

Shape our cloud future - as an architect, innovator, and leader!

YOUR MISSION

As an architect, you play a key role in driving the company's continued growth by successfully deploying and launching scalable cloud services. In doing so, you ensure rapid adaptation to new requirements, continuous operation, and the optimization of cloud services, while always keeping revenue and costs in mind.

YOUR RESPONSIBILITIES

- Defining the cloud architecture with a clear focus on security, scalability and cost optimisation
- Leading the development teams and overseeing the technical implementation of the cloud solution
- Developing the operational and security strategy and building a high-performing DevOps team
- Acting as the central point of contact and supporting product management in all

YOUR EXPERIENCES

- You hold a Master's degree in Computer Science or a comparable qualification, as well as several years' experience with modern cloud services and platforms
- You have relevant knowledge of cloud architecture, including microservices, container technology, messaging, networking, health monitoring, load balancing and orchestration
- You possess the necessary expertise in certificate management, firewall configuration, encrypted communication,

matters related to cloud services

- Defining the requirements for infrastructure and operations service providers and ensuring compliant, high-quality implementation

database administration, logging and continuous deployment

- You have experience of handling new requirements in a structured manner, as well as setting up 24/7 operations and staging
- Experience of leading teams and strong communication skills in English and German complete your profile.

WHY CHERRY SHOULD BE YOUR CHOICE

WHAT IS CHERRY DOING?

We are an international manufacturer of keyboards and mice for the gaming & e-sports, office, healthcare and industrial sectors. In addition, CHERRY produces high-end switches for mechanical keyboards in Germany and China. Since its foundation in 1953, CHERRY has stood for innovative and high-quality products that are specially developed for different customer needs.

YOUR BENEFITS

- You'll have a great deal of creative freedom in a rapidly evolving environment
- You can expect a very collaborative, ambitious, and agile environment with a startup vibe
- You'll not only lead the development of cloud solutions but also be responsible for building your team
- You will receive a gross annual salary of €80,000 to €100,000 for a full-time position depending on your experience and qualifications, which is above the minimum salary according to the collective agreement (KV 'Datenverarbeitung und Informationstechnik')
